## **TREX Booking Catalogue**

The Art Gallery of Alberta is pleased to present this selection of travelling exhibitions for the upcoming TREX season. Currently the Art Gallery of Alberta serves over 50 venues in over 35 communities. The exhibitions are organized in such a manner as to make unpacking, packing, hanging and shipping as easy as possible. An educational Interpretive Guide is developed for each show. This guide enables teachers to use exhibitions within the school curriculum. The Interpretive Guides can be kept by each venue for further reference and are also available on the AGA website. Along with the exhibition, each venue receives an evaluation package which must be completed at the close of the exhibition and returned to the Art Gallery of Alberta.

Venue Cost: \$75 (plus GST) per exhibition booking. Freight is arranged for and paid by the Art Gallery of Alberta. During the period of the booking the venue contact will receive information regarding shipping arrangements. Booking invoices for each exhibition are issued close to the beginning of each period.

Canada is a young country but many who settle here come from regions which lay claim to being sites of the oldest civilizations on earth: regions known as 'cradles of civilization' which, throughout their long and tumultuous histories, provided many of the building blocks upon which contemporary societies rest.

The Alberta Foundation for the Arts Travelling Exhibition *Cradle* presents the work of three artists, currently residing in Edmonton, who originally come from regions associated with cradles of civilization in the Middle East and South-East Asia. Arriving in Canada as economic immigrants or refugees from war and conflict, each of these artists is a story teller, sharing in their artworks ancient and rich cultural histories and legacies. While concerned with specific places and people in their works, however, these artists also strive to address more universal concerns to demonstrate that, regardless of where people come from, we are all one people with similar dreams and desires.

The exhibition *Cradle* features works by Hanny Al Khoury, originally from Palestine; Riaz Mehmood, originally from Pakistan; and Aboud Salman, originally from Syria.

#### Women Gone Wild! Available Periods 1 to 10 (2023 - 2024)

Samantha Walrod Waiting Rabbit - Dots & Stripes, 2023 Mixed media and acrylic on panel Courtesy of the artist

Exhibition Information 3 artists 18 art works 2 text panels 3 crates 75 running feet Since the dawn of human history animal imagery has been an aspect of humankinds' cultural repertoire. While animals have long been a viable subject for visual artists, however, in the annals of Euro-North American art history any exploration of wild animals that has been undertaken has almost exclusively been the domain of male artists. Beginning in the 20th century this began to change as the roles of women in society broadened.

The Alberta Foundation for the Arts Travelling Exhibition *Women Gone Wild!* explores the subject of wild creatures as they are expressed in the work of three contemporary women artists from Edmonton. Featuring works by Cynthia Fuhrer, Jenny Keith and Samantha Walrod, the depictions of wild creatures presented range from realistic representations to more abstract and surrealistic impressions. These artists also demonstrate diverse reasons for choosing their subjects. Whatever their artistic approach and intentions, however, all three artists reveal a love and respect for nature in their works and through them invite viewers to 'go wild' as well.

Still life describes works of art that show inanimate objects that are natural or man-made such as fruit, flowers, dead animals and/or vessels like baskets or bowls. Still life paintings had their origins in ancient times and though the importance and artistic intents behind its treatment as a subject have changed over the centuries, the still life has remained a consistent subject of artistic exploration.

The Alberta Foundation for the Arts Travelling Exhibition ...no end to our looking, featuring works from the collection of the Alberta Foundation for the Arts, explores the enduring legacy of the still life as this subject has been expressed by artists in Alberta over the past forty years. Presenting an eclectic mix of styles and media, the works in this exhibition not only invite reflection concerning the objects represented but also ask viewers to look long and hard at the objects actually around them: to truly experience the shapes, textures, colours and meanings of the material articles which surround them and help define their lives.

# Touching the Sky Available Periods 1 to 5 (2023 - 2024)

Angela Fehr Does It Begin Where It Ends, 2022 Watercolour and graphite Collection of the artist

How can an artwork capture the dynamic experience of space? What does the smell of rain look like in a painting? Or our dream experiences in relationship to our waking experiences? Even in a moment when the landscape appears still, there is tons of activity happening that cannot be captured in a single frame-from the intricate and complex patterns of weather and climate to the buzzing of cellular exchanges on a micro level. The landscape is alive and fluctuating-and so is our own journey through it. As we move through the world, we experience a wonderful abundance of senses, thoughts, and feelings as our bodies respond to, absorb, and contribute to our surroundings. For millennia, artists have imaginatively worked to translate these embodied experiences, including phenomena that extend beyond the visual senses like smell, touch, emotion, spirituality, sound, and time. Balancing between abstract marking and painterly realism, Touching the Sky features three Peace Region artists whose work is rooted in exploring these embodied experiences and our ability to represent them through art.

ESPLANADE Arts & Heritage Centre The group exhibition Party On! Celebrating 50 years of the AFA **Collection** presents a lively grouping of work by fourteen Albertan artists. Each artwork depicts a single moment of shared revelry and interconnectedness; scenes of musical performances, dancing, carnivals, community gatherings and shared food and drink help mark this special occasion. Since 1972 the AFA, a provincial corporation of the Government of Alberta, has been acquiring art by notable Albertan artists on behalf of the Albertan public - that's right, we Albertans are art collectors! This initiative was born out of the desire to support and encourage Albertan artists by investing in their work, while simultaneously preserving an important aspect of our shared cultural history. Today, the collection includes over 9,000 artworks in mediums ranging from painting and drawing to sculpture, ceramics, fiber arts, prints, photography and media art. The collection continues to grow with art acquisitions by application taking place each year. Step into our time machine to celebrate the ages of knees-up, shindigs, hoedowns, and classic ding-dongs!

Strange & Known Places is a collaborative curatorial project featuring the work of ten artists based in or with strong ties to Medicine Hat. The exhibition presents 17 artworks in a range of materials including textiles, performance, leather work, blown glass, painting, drawing, and video. The included artworks envelop a wide range of enthusiasms, curiosities, and passions, offering audiences a chance to see the world in surprising and affecting new frames. ## What's Held Available Periods 6 to 10 (2024)

Kiona Callihoo Lighvoet *It Only Punctured Foam*, 2022 Mixed media on paper Collection of the artist

The artworks in *What's Held* explore ways of memorializing, mapping, and holding onto these significant sites, keeping our stories of them alive and present, even as the landscape shifts or carries us further away from home. Beyond settler borders and monuments, the works recognize the power and importance of place; from the desire paths left over from continually wandering the same treasured areas in meadows, fields, and forests, to the objects and scents that come to represent the ways that we've known these spots across landscapes.

Fifteen of the works are from the collection of the Alberta Foundation for the Arts. Separate from this collection are five drawings and prints by Kiona Callihoo Ligtvoet. Her works share snippets of memories growing up on the prairies, becoming a form of personal archiving. She draws from feelings of loss and the complexities of enfranchisement, but also from moments of closeness between her and her relatives as they've walked through the bush, visiting familiar spots on the land.

#### Alone Together | Available Periods 6 to 10 (2024)

Kelly Isaak *Leela* 2020 Watercolour and coloured pencil on paper Courtesy of the artist

Exhibition Information 1 artist 15 art works 2 crates 30 running feet

*Alone, Together* is a solo exhibition of hyper-realistic pencil crayon portraits by Calgary artist Kelly Isaak. These are not just generic portraits, however. During one of the more severe COVID 19 lockdowns in Alberta, Isaak put a call out on Instagram asking if anyone would be interested in submitting photographs of themselves while in isolation that she would later draw. Isaak received an overwhelming response from interested participants. Most of the faces were strangers to her, but she endeavoured to capture a communal familiarity in the experiences we were all facing at the time. She developed this portrait series to shine a light on times where we may have felt quite alone, but we were able to navigate these moments together as a community.

Kelly Isaak has been teaching art in a well-respected art program in Calgary for over a decade. During that time, Isaak has been refining her technical and observational skills through drawing. She uses coloured pencils, graphite, and charcoal as her main materials to draw detailed representations of her subjects. Through the variety of features and facial expressions, Isaak is inspired to capture her subject's distinct personality through her drawings.

## A Cordial Word Available Periods 6 to 10 (2024)

Les Thomas *Tigerlilies and Daisies*, 1992 Oil on canvas Collection of the Alberta Foundation for the Arts

Exhibition Information 19 artists 20 art works 2 text panels 3 crates 75 running feet

Flowers have been a common theme explored by artists for millennia because of their unquestioned beauty and their religious and secular symbolism.

While rendered in artworks from Ancient Egypt into the middle ages, it was in the late 16th and early 17th centuries that the use of flowers as independent subjects in art began in earnest. This was due to an increasing fascination with this subject, facilitated by advances in the study of botany, and by the importation of numerous new species of flowers into western Europe. By the 19th century the decorative potential of flowers became the most enduring impulse behind their use in visual art and through the art movements of realism, impressionism, post-impressionism and ultimately abstraction, artistic representations of flowers came to focus on explorations of pattern and colour.

The exhibition *A Cordial Word*, featuring works from the collection of the Alberta Foundation for the Arts, shines a spotlight on flowers and the flower garden. Expressing a variety of artistic styles and media, the art works in this exhibition invite viewers to reflect upon the beauty, fragility and importance of these natural wonders and to appreciate and nurture the flowers in their midst.

# WE ARE IMMIGRANTS: The Hidden Hardshps & Legacy of Early Chinese Canadian Immigrants | Available Periods 6 to 10 (2024)

Raeann Kit-Yee Cheung *Dual Identity*, 2021 Inkjet on archival paper Original archive photographer unknown Archive image courtesy of Fred Wong

Exhibition Information 1 artist 17 Artworks 2 Crates 45 running feet

The exhibition *WE ARE IMMIGRANTS* explores the hidden hardships and legacy of early Chinese Canadian immigrants from the mid 19th century onward. It also celebrates their resilience in overcoming immense adversity and their contribution to Canada in solidifying the country's confederacy.

Archival images, texts, historical novels, and personal interviews have collectively informed Raeann Kit-Yee Cheung's imagery sources and interventions. The color yellow (a stinging label yet also the seed of the artist's identity) is reclaimed as a celebratory symbol for all Asians and is ingrained in the series to emphasise Asians as one of the earliest settlers in Canada. Like the confidence of the man with the yellow scarf, Chinese immigrants are an integral part of Canada's military history and economy, and should therefore be celebrated with confidence.

Anti-Asian sentiment is but one form of discrimination inherent in every society. The COVID pandemic merely accentuated its pervasiveness. Only through understanding of Canada's past can one truly appreciate its diversity. This exhibition encourages a wider and continuous discourse, keeping this history alive for present and future generations.

#### Adornment Available Periods 9,10; 1 to 3 (2024)

Carmen Miller *Tufted Cuff*, 2021 Beading, caribou tufting on hide Collection of the artist

According to the dictionary, 'adornment' refers to the use of item(s) that decorate, embellish, enhance, beautify, or enrich. Adornment from an Indigenous perspective goes beyond the items' beauty. It is an artistic expression that conveys many levels of communication. It makes connection to a spiritual foundation, the importance to land and place, and defines inherent culture.

Early adornment provides a sense of knowledge about our ancestors that reflect the natural world in which they lived. Spirituality has been the foundation for Indigenous peoples' lives and an 'intrinsic quality of creative activity.' These artistic expressions were woven into the fabric of daily life. Artifacts were generally created as items to be used, not as 'art'. Bags, pouches, along with awl and knife sheaths were functional yet beautifully decorated.

'More than beautiful ornamentation, adornment is a visual language expressing the joy of creativity, pride in attention to craftsmanship, and the desire to share with others. Above all, it honors oneself as well as one's people by doing a thing well.' (Sherr Dubin, Lois. <u>North American Indian Jewelry and Adornment</u>; Harry N. Abrams, Inc. New York. p11,12,18)

Curated by MJ Belcourt and organized by the Art Gallery of Alberta (TREX Region 2). This exhibition was generously funded by Syncrude Canada Ltd.
